“There are patterns at play
Invisible tapestries weaving themselves
Just below the surface
Life, here, now, is the outcome
Of myriad patterns all harmonizing
As this, as this, as this
How can you say there are no miracles
When you are one.“

Kavi Hockaday

“I see how SourcePoint helps me love myself. When I experience myself, just as I am – as a beautiful mandala of light arising from the cosmic order – how can I not love such a self?”

Donna Thomson

(co-founder of SP Therapy)

“HEALTH is that perfect matrix, present within us from the moment of conception, which precedes the emergence of form. Health is more inherent in the geometry than in the genetics.”
